    - i) Everyone is suspicious to me - how boring. I thought you'd be interesting. Begone.

Okay - I will *tell you* who is the most inferior, afraid, and pathetic creatures in this room. They are.... The Oxen.

Yes the Oxen. They fear us. They literally act nervous around us. They are truly unworthy of being royalty or having any sense of respect. Here. Take this and talk to them. They will squeal if you terrify them - but they don't like arrogance. Or talk to the Stags! They were the ones who invited us.

(receive Ox or Stag Mask)
